My dear Brigadier and  
Mrs. Deleri Smith  
I am sending you at this  
time the assurance of  
my good wishes and prayers  
to my command and to all  
throughout the world.

Of all men what a  
chance you have to do  
something that will help

the Army to make a name  
for God and Christianity —

to see me ~~at~~ at the quarter  
when last in Ceylon and  
the way in which he spoke  
of the respective methods  
as practice for reaching the  
Crucial Truth and the tone  
of respect with which he  
referred to our people & usually  
cheered me immensely.

But quite things will  
have happened since then and  
are going to happen  
but it is the Education Note

in which you are ~~more~~ <sup>3</sup>  
more particularly  concerned  
on which I place my great  
reliance.

We are the only people  
who have taken our stand  
to the extent ~~to~~ we have on  
conversion and the benefits  
that flow out of it and  
we must keep this great  
feature that is salvation, to the  
front -

God bless you your dear  
wife and ~~family~~ <sup>family</sup> and you  
both more than ever a great  
blessing to India -

And now, I find that I shall not be able to  
go any further with my own pen...
